We REcycle Banners, HERE IS HOW!

**RECYCLE
REUSE
REDUCE**

Any Size **hp** HDPE Reinforced Banner Printed on the Sign1 **hp** Latex Printer can be brought back to Sign1 and we package and ship to **hp** !

Here's HOW You can ship your **hp** HDPE Reinforced Banner Printed on the Sign1 **hp** Latex Printer back to **hp** !

All metal grommets, hooks, hanging hardware, tape, etc. must be removed from the banner material prior to shipment for recycling.
 HDPE based banner holders such as Banner Ups (www.bannerups.com) do not need to be removed prior to return to HP.
 Banner material can be packed in any cardboard box strong enough to hold the weight being shipped. A shipping box must be of a reasonable size for transportation via UPS.
 Examples of maximum box sizes appropriate for banners and that meet UPS guidelines are:
 48" long x 18" wide x 18" high 60" long x 18" wide x 12" high 72" long x 12" wide x 12" high or SMALLER
 The maximum shippable weight of a single box is 75 pounds.
